Amendments to the Specification:

Please insert the following on page 7, at line 28:

306. Determine if the added cell in the list corresponds to the detected set cell by performing uplink synchronization.

307. If uplink synchronization is achieved, then:

308. Confirm that the detected set cell is the added cell of the list;

309. Convert the temporary relation into a permanent relation; and,

310. Remove the added cell from the list.

311. If uplink synchronisation is not achieved, then put the added cell in a specific position of the list.
